

# **50kW Off-Grid Solar Container for Bridges**

## Overview

---

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

What does a Bluesun solar system kit include?

Customized solar system , From solar panel to inverter to the screws - Bluesun system kits contain all of the components necessary to construct and operate a solar power system. Once the Bluesun kit is delivered, it is ready to be installed. Bluesun can customize your own complete solar power system solution kit based on your requests.
