

# **Bahamas container energy storage project requirements**

## Overview

---

Who is eco energy Bahamas?

I Harbour: Eco Energy Bahamas Ltd. The project is a grid-tied solar photovoltaic (PV) system and a battery energy storage system located near Coral Harbour and is designed to provide renewable energy, enhancing grid stability and sustain.

What is securing the Bahamas' energy future?

nd focus, discipline, and courage. This document, *Securing The Bahamas' Energy Future*, is a record of that choice—and a roadmap of the journey we are taking together. It lays out clearly where we started, the obstacles we inherited, and the urgent interventions we made.

What will Bahama's energy system look like in the future?

early defined rules of engagement. Looking ahead, Bahamians can expect their energy system to become more than just functional. It will be a driver of prosperity. As the reforms continue to unfold, citizens will experience more equitable access to services, better value for money, and a greater degree of self-determination over their country.

What is the Bahamas national energy policy 2025-2030?

energy security, and affordability. The Bahamas National Energy Policy 2025-2030 outlines a clear focus on the need for sustainable development and resilient energy infrastructure, effective planning, regulation, and investments; which are all necessary components.
