

Belarus solar container lithium battery pack custom manufacturer

Overview

Where are Alexander battery products made?

Alexander Battery Technologies' is a UK battery pack manufacturer, based in North East England. We also have offices in Frankfurt, Germany to support our customers in DACH (Germany, Austria, Switzerland). We serve customers around the world, including USA, Africa and Europe. How soon can my battery products be brought to market?

.

Who is Alexander battery technologies?

Designing, developing and manufacturing customised lithium-ion battery packs using a full range of battery chemistries, Alexander Battery Technologies delivers incredibly reliable custom battery packs for businesses across the industries we serve.

What is a customized battery pack?

Our customized battery packs are designed to provide reliable and efficient power 'storage for various industries and applications. By leveraging our customized battery packs, you can optimize your GPU's performance while maintaining portability and flexibility.

Is a custom battery pack better than a lithium-ion battery pack?

In some instances, a custom NiMH battery pack or custom alkaline battery pack may perform better than a lithium-ion battery pack, while keeping your costs lower. When involving our team of engineers early on in the design process, we can help assist you in choosing the proper custom battery solutions for your needs.
