Who is ecosun (Cambodia)?

Since 2008, EcoSun (Cambodia) Co., Ltd has been providing Cambodian households with a comprehensive range of solar-powered appliances and solar solutions. From energy-efficient appliances to sustainable solar and hybrid systems, we provide solar energy solutions tailored to meet any energy needs.

What is a mobile solar container system?

The mobile solar container system includes solar panels, storage batteries, inverter, mounting brackets, and accessories. Solar panels collect energy from the sun and store it in the battery bank, and the inverter converts it to AC power for use.

Are mobile solar containers a good choice for a remote home?

Mobile solar containers have excellent mobility and are particularly suitable for use in rural or remote areas with limited electricity usage. Off-grid solar power systems are a popular choice for remote homes as they provide a reliable source of electricity without being tethered to the grid.

Does a mobile solar container work with a lithium battery storage container?

The mobile solar container is designed to work seamlessly with lithium battery storage containers, allowing for efficient energy storage and use. This compatibility makes storing solar power easier when sunlight is unavailable. Lifespan is over 10 years old with reliable materials.
