

Congo downgrades PV module exports

Overview

How much does Congo export in 2022?

That percentage and relatively limited range of goods indicates Congo's highly concentrated portfolio of export products. Given the Republic of the Congo's population of 4.92 million people, its total \$11.1 billion in 2022 exports translates to roughly \$2,300 for every resident in the Central African country.

How much does the Republic of the Congo export?

In macroeconomic terms, the Republic of the Congo's total exported goods represent 42.8% of its overall Gross Domestic Product for 2022 (\$26 billion valued in Purchasing Power Parity US dollars).

Does the Congo have a trade surplus?

The Republic of the Congo posted an estimated \$7.6 billion trade surplus in 2022, expanding by 70,449% from its \$10.7 million in black ink one year earlier. The following types of product shipments from the Congo represent positive net exports or a trade balance surplus.

Why does the Republic of the Congo export a stonger US dollar?

Consequently, the Republic of the Congo's weaker local currency makes its exports paid for in stonger US dollars relatively less expensive for international buyers. The 5 biggest exports from the Republic of the Congo in 2022 were crude oil, refined petroleum oils, rough wood, sawn wood, then tin ores and concentrates.
