

Coordinated control of energy storage power stations

Coordinated control of energy storage power stations

co-ordinate or coordinate?

Hi, all, new member here. Sorry for the late bump, but this may not warrant a new thread. In maths, the X-value and Y-value on a 2D plot of a point are called the "abscissa" and ...

Auxiliary and subject in a coordinated sentence

The negation doesn't covers the second verb, so it has to be read: the same form as for watch: Josh doesn't [watch TV or read the newspaper]. The second sentence also ...

Should a set of coordinate (s) be plural or singular?

Some nouns, such as pants and scissors, are hardly seen in the form of singular, but what about coordinate on a map? Does a coordinate (singular) represent a set of longitude ...

Directed projects vs Coordinated projects vs Managed projects

Hi there, I am writing a CV and I am wondering if you guys can distinguish easily between "directed projects, coordinated projects and managed projects" as native speakers of ...

[UTC \(Universal Time Coordinate\) , WordReference Forums](#)

El tiempo universal coordinado o UTC (según sus siglas en inglés, Universal Time Coordinated) es el principal estándar de tiempo por el cual el mundo regula los relojes y el ...

[coordinate with or coordinated with](#)

So it doesn't use the normal word "coordinated". Instead it uses 2 specific terms with 2 specific meanings: 1. syntactically coordinate 2. semantically coordinate Most ...

coordinated sciences

Hi. Can you tell me if it is correct to translate "coordinated sciences" as "ciencias coordinadas"? It appears in an academic record as a school subject. I also found this ...
