What is the education system in El Salvador?

El Salvador's education system is structured similarly to that of the United States, with primary school starting at age 6 and continuing until age 12. Secondary school lasts for another four years, followed by higher education options such as universities or technical schools.

How did MCC improve technical education in El Salvador?

MCC's \$449.5 million El Salvador Compact (2007-2012) aimed to improve formal technical education through the Formal Technical Education Sub-Activity, which included the Strengthening Technical Secondary Schools intervention (\$9 million) and the Chalatenango Technical Institute (ITCHA) Post-secondary School intervention (\$7 million).

Is education free in El Salvador?

Although not completely free (parents who can afford to pay do so) education is a high priority in El Salvador where so many poor families are still fighting to escape poverty. To make their lot worse, standards in rural areas are low compared to cities. Following optional kindergarten children enroll in primary school at age 7.

Who provides vocational training in El Salvador?

Vocational training is provided by private colleges. This is overseen by the Salvadorian Vocational Training Institute. It aims to grow the country's knowledge base while improving the living standards of workers and their families. There are 23 universities in El Salvador, of which some are secular and some have religious affiliations.
