Overview

Who makes Rs circuit breaker accessories?

RS is a globally recognised and trusted supplier, distributor, and manufacturer of industrial circuit breakers and circuit breaker accessories. In addition to our own RS PRO line, we carry a wide range of types from top brands, such as MCCBs from Siemens, MCBs from Schneider Electric and even electronic circuit breakers from ABB.

How do I choose a reputable brand for a circuit breaker?

Finally, select a reputable brand known for quality and reliability to ensure optimal performance and longevity. RS is a globally recognised and trusted supplier, distributor, and manufacturer of industrial circuit breakers and circuit breaker accessories.

What is a circuit breaker system?

A circuit breaker system is more than just the breaker itself. It comprises several key components that work in unison to provide reliable and safe electrical protection, such as the enclosure, trip mechanisms, and terminals. The breaker itself houses the main contacts, which carry the current under normal conditions.

How do circuit breakers work?

Order your customized system starting from a batch quantity of just 1. Circuit breakers usually provide individual protection for equipment. In the event of an error, they shut down only the affected actuator or sensor in the faulty circuit. This means that the production process continues running without interruption.
