

Guyana solar panel C-shaped steel manufacturer

Overview

What is galvanized solar panels C section steel?

Galvanized Solar Panels C section steel is a support material for PV projects. It is a type of Z profile steel, which is a common cold-formed thin-walled steel with a thickness of generally 1.6-3.0 mm and a cross-section height of between 120-350 mm. The Z profile processing materials are hot rolled and galvanized.

Does Sino east offer custom steel L profiles?

Sino East offers standard steel L profiles that can be customized during the manufacturing process. They are also experts in developing custom made steel L profiles.

What is Sino Green New Energy?

Sino Green New Energy, also known as Sino Green, is a subsidiary company of Sino Sources Tech Co, which is a New OTC Market listed company. Sino Green New Energy is a leading manufacturer that specializes in high quality steel products.
