

# Helsinki Solar Container Smart Type

## Overview

---

What is a containerized energy storage solution?

A containerized energy storage solution makes it easier to ship and transport the storage system to the last mile without much hassle.

What is a citysolar smart compacting bin?

The CitySolar smart compacting bin features a sleek and minimalist Scandinavian-inspired design, with clean lines and a modern aesthetic. Its streamlined form is both functional and visually appealing, incorporating advanced solar-powered technology to make waste disposal more efficient. Read more about us and the story behind CitySolar Smart Bin.

Why should you buy a citysolar smart bin?

CitySolar Smart Bins are built to last, minimizing lifecycle costs and maximizing efficiency with high-quality materials and revolutionary quick (10min), easy panel replacement on the field. The CitySolar smart compacting bin features a sleek and minimalist Scandinavian-inspired design, with clean lines and a modern aesthetic.

What is citysolar made of?

CitySolar is made of SST and unique galvanized steel with highest corrosion class of C5. The materials significantly improves the fire safety and resistance to corrosion. A patented compaction system enables you to use maximum reach which results in the waste being compacted all the way to the bottom.
