

# High-efficiency folding containers for field operations

## Overview

---

What are akypak® foldable large containers for non-palletisable loads?

AkyPak® foldable large containers for non-palletisable loads will streamline your logistics operations. Also known as FLCs, Pallet Boxes or Sleeve Packs, these long-lasting and environmentally friendly containers consist of a pallet base, a foldable sleeve, and a lid.

Why do you need a lid for a foldable container?

Our foldable boxes come with a range of customizable features, offering flexibility for various industries and optimizing your logistics operations. Lids for foldable containers provide essential protection for contents, keeping items safe from dust, moisture, and contaminants during storage and transportation.

What is a collapsible straight wall container & foldable pallet box?

Whether operating in produce handling or industrial storage, the collapsible straight wall container and foldable pallet box options allow users to adapt configurations to their product protection needs. Made from industrial-grade HDPE or PP, these collapsible plastic containers maintain full rigidity even after multiple folds.

Why should you choose a folding container?

Contact us! Folding containers can give up to an 80% saving in volume and are available in standard footprints and heights. Lid and closure options are also available.
