

# How much does it cost to install solar panels in Brussels

## Overview

---

How much does a solar panel installation cost in Brussels?

On average, the price of a solar panel installation in Brussels is between 5,000 and 15,000 euros. This price usually includes the solar panels, the inverter, the battery for solar panels, and the installation. The Brussels-Capital Region grants green certificates to encourage individuals and businesses to invest in solar panels.

Can you install solar panels on a roof in Belgium?

Installing solar panels on your roof is a (very) cost-effective operation. In Belgium, there are a number of subsidies to help cover the cost of installing solar panels. You can also choose the model of the self-consumption of energy produced by panels, which is also very advantageous.
