

Huawei energy storage exports to the Democratic Republic of Congo

Overview

Who built a data center in the Democratic Republic of the Congo?

Prime Minister of the Democratic Republic of the Congo Sama Lukonde Kyenge on Thursday inaugurated a data center at the Ministry of Finance, a project built by the Chinese tech giant Huawei. (DRC Prime Minister's Office/Handout via Xinhua).

Is Huawei data center a 'powerful symbol' of collaboration with DRC?

Chen Mingliang, the general director of Huawei DRC, noted that the data center is a "powerful symbol" of the collaboration between Huawei and the DRC while affirming that his company will do its best to ensure the cybersecurity of this project.

Why is China building a data center in Congo?

While thanking the Chinese government and the Export-Import Bank of China, Congolese Minister of Finance Nicolas Kazadi said this data center will promote modernization, good governance, and the anti-corruption campaign in the country.

How would a data center help the Congolese economy?

The data center, financed by the Export-Import Bank of China, would allow the Congolese authorities to centralize, merge, secure, and store information on financial management activities, which would further contribute to national innovation and economic growth. ■
