

Hungary Smart Energy Storage Project

Overview

Where will Hungary's largest energy storage system be built?

With funds obtained through a previous program, transmission system operator MAVIR is already building the country's largest energy storage system – a 20 MW project in Szolnok, central Hungary, the ministry said. It added that several projects with even bigger capacity will be installed under the tender concluded a few days ago.

Will Hungary's new battery energy storage system help Green the grid?

The new facility supports a growing push to green Hungary's power grid. Hungary has just switched on its largest battery energy storage system (BESS) to date, stepping up its role in Central Europe's growing grid-scale energy transition.

Will Hungarian energy storage projects get subsidy support?

The Hungarian Ministry of Energy has announced that around 50 grid-scale energy storage projects with a cumulative capacity of 440 MW have received subsidy support through a tender launched in February this year.

Is Hungary stocking up on battery backup?

Hungary isn't alone in stocking up on battery backup as it charts its green energy path. In neighbouring Bulgaria, a massive 124 MW/496 MWh battery energy storage system went live in Lovech earlier this year.

Hungary Smart Energy Storage Project

Government Announces Support for a Residential Energy Storage ...

1 day ago · The government is announcing a residential energy storage program with a budget of HUF 100 billion (EUR 261 million), the Minister heading the Prime Minister's Office said on ...

[Hungary announces residential battery energy storage ...](#)

1 day ago · The government is launching a HUF 100 billion (\$303 million) residential energy storage program to help families with solar panels achieve long-term energy self-sufficiency.

[One of Hungary's largest energy storage facilities switched on](#)

Jul 1, 2025 · The project's significance lies in its scale: it is currently Hungary's second-largest grid-connected battery energy storage facility, capable of contributing to domestic sustainable ...

[Officials unveil game-changing facility that could transform ...](#)

Jul 29, 2025 · The Dunamenti Power Plant is home to this new project, which builds on an existing 4-megawatt facility that was established

in 2022 using Tesla Megapack 2 batteries, as ...

[MET flips the switch on Hungary's biggest battery project](#)

Jun 19, 2025 · Uniper powers Hungary's energy transition with two new solar projects Péter Kaderják, President of the Hungarian Battery Association said: "We must strive by all possible ...

[Hungary awards funding for 440 MW of storage](#)

Apr 29, 2024 · The Hungarian government has earmarked HUF 62 billion (\$169 million) for grid-scale energy storage projects in a bid to facilitate further deployment of renewable energy ...

[Hungary Activates Largest Battery System Near Budapest](#)

Jun 20, 2025 · Hungary has taken a significant step forward in its energy transition with the inauguration of its largest standalone battery energy storage system (BESS). Located near ...

[Teplora Delivers Smart Energy Storage Solutions to Hungary...](#)

Mar 3, 2025 · Teplora is proud to announce the successful commissioning of its first Battery Energy Storage System (BESS) project in Budapest, Hungary. This milestone marks a ...
