

Is there any solar power station generator in Amman

Overview

How much solar power does Amman have?

Seasonal solar PV output for Latitude: 31.9555, Longitude: 35.9435 (Amman, Jordan), based on our analysis of 8760 hourly intervals of solar and meteorological data (one whole year) retrieved for that set of coordinates/location from NASA POWER (The Prediction of Worldwide Energy Resources) API: Average 8.77kWh/day in Summer.

Is Amman a suitable location for solar photovoltaic (PV) generation?

Amman, Jordan (latitude 31.9555, longitude 35.9435) is a suitable location for solar photovoltaic (PV) generation, thanks to its northern sub-tropical climate that provides ample sunlight throughout the year.

How to optimize solar generation in Amman Jordan?

Assuming you can modify the tilt angle of your solar PV panels throughout the year, you can optimize your solar generation in Amman, Jordan as follows: In Summer, set the angle of your panels to 16° facing South. In Autumn, tilt panels to 36° facing South for maximum generation.

Is Amman a good place to install solar panels?

The topography around Amman, Jordan is hilly and mountainous. Areas to the east of Amman, including the Zarqa Governorate and parts of the Madaba Governorate, are mostly flat and would be most suitable for large-scale solar PV installations.

Is there any solar power station generator in Amman

[Solar power electric vehicle charging stations in Amman](#)

Dec 1, 2025 · The Greater Amman Municipality and Hyseo International signed an MOU to finance a pilot project in Amman for ten solar power electric vehicle charging stations ...

[List Of Solar photovoltaic power plants in Amman Governorate](#)

Oct 15, 2025 · How many Solar photovoltaic power plants are there in Amman Governorate? There are a total of 31 Solar photovoltaic power plants in Amman Governorate as of August ...

[Power plant profile: South Amman Solar PV Park, Jordan](#)

Mar 16, 2024 · South Amman Solar PV Park is a 46.33MW solar PV power project. It is located in Amman, Jordan. According to GlobalData, who tracks and profiles over 170,000 power plants ...

Dunes Amman club (Located in Airport Street) - Ampere Renewable Energy

The solar power plant project in Jordan, owned by Dunes Amman Club, is considered one of the pioneering projects in the field of renewable energy. Designed and implemented by Ampere ...

[AMEA Power Commissions 50MW Solar Power Plant in Jordan](#)

Aug 13, 2024 · The project was awarded following the second round of Jordan's renewables feed-in-tariff (FiT) programme. The solar power plant is located in Ma'an Governorate, 200km south ...
