

Madrid energy storage is low-cost and safe

Overview

What does the European Commission say about energy storage in Spain?

La Moncloa. 17/03/2025. European Commission approves new 700 million aid scheme to boost energy storage in Spain [News] The Ministry of Ecological Transition and Demographic Challenge will promote the large-scale deployment of this technology by co-financing investments of up to 85%.

Will Spain be able to deploy large-scale electricity storage?

The European Commission has approved a new aid scheme that will allow Spain to deploy large-scale electricity storage, both in hybridisation with renewable energy facilities and stand-alone and thermal.

Can Spain deploy large-scale energy storage with co-financing of 85%?

The European Commission on Monday greenlit a new aid scheme to enable Spain to deploy large-scale energy storage with co-financing of up to 85%. From ESS News The European Commission on Monday approved a new aid scheme for the deployment of large-scale electricity storage in Spain.

How can Spain transform its energy system into a climate-resilient country?

To ease financing, beneficiaries may request advance payments of up to 100% of the awarded aid, provided certain conditions are met. These efforts are part of a broader strategy to transform Spain's energy system into one that is more flexible, robust, and climate-resilient.

Madrid energy storage is low-cost and safe

Current situation and challenges of energy storage in Spain

Energy storage has become a key piece of the electrical future in Spain, amidst the advance of renewable energies and the progressive withdrawal of nuclear generation. ...

European Commission approves new 700 million aid scheme to boost energy

The European Commission has approved a new aid scheme that will allow Spain to deploy large-scale electricity storage, both in hybridisation with renewable energy facilities ...

The future of energy storage in Spain

The future of energy storage in Spain Experts gather at the offices of DLA Piper in Madrid, Spain to discuss the role of energy storage (BESS) in Spain, facing the challenges of ...

BESS and LDES in Spain: opportunities and challenges

Battery Energy Storage Systems (BESS) play a pivotal role in supporting the wider adoption and

integration of renewable energies (RE) around the world. As a result, the battery ...
