

Malaysia Lihui solar Glass

Overview

When will TCO glass be made in Malaysia?

NSG Group is pleased to announce the warm up of a newly converted TCO (transparent conductive oxide) facility in Malaysia. In this investment, an existing float line at the Johor Bahru factory of Malaysian Sheet Glass SDN BHD, a member of NSG Group, has been converted to begin producing TCO glass from December 2023.

Will Malaysian Sheet Glass float line be converted to TCO glass?

An existing float line at the Johor Bahru factory of Malaysian Sheet Glass, a member of NSG Group, has been converted to begin producing TCO glass from December 2023. The investment is to support the expansion strategy of First Solar, an American manufacturer of solar panels, which has a long-standing strategic partnership with NSG Group.

Is NSG making transparent conductive oxide (TCO) glass in Malaysia?

NSG has started the warmup of a newly converted transparent conductive oxide (TCO) glass facility in Malaysia. An existing float line at the Johor Bahru factory of Malaysian Sheet Glass, a member of NSG Group, has been converted to begin producing TCO glass from December 2023.

Will NSG invest in TCO coated glass in Malaysia?

NSG Group is pleased to announce the plan to invest in additional production capacity of TCO (transparent conductive oxide) coated glass in Malaysia to support the growing solar market.
