

New solar panel manufacturer in Marseille

Overview

Are SunPower solar panels made in France?

In its second decade of service, SunPower has consistently strived for innovation, delivering a diverse range of solar panels made in France. These include their signature Maxeon® and Performance series panels, recognized for their top-tier efficiency and robust design.

Where are our solar panels made?

Since 2010, we have developed our solar innovations at our R&D center in Marseille, France. Not all our panels are produced in France (yet). We select the world's best factories based on strict environmental and social criteria. Our panels are certified low-carbon. It's the least we can do.

Who makes systovi solar panels?

The company prides itself on being a French inverter manufacturer as well as a producer of high-quality solar panels. Systovi's product range encompasses a variety of solar solutions tailored to cater to both residential and commercial applications.

Should France and Europe reposition themselves in the photovoltaic value chain?

France and Europe must quickly reposition themselves in the photovoltaic value chain to avoid shifting from one dependence to another. This is a concrete illustration of our desire for reconquest", Agnès Pannier-Runacher, French Minister of Energy Transition said.
