

# Off-grid solar container 200kW product price

## Overview

---

What is a 100kW off-grid Solar System?

A 100kW off-grid solar system provides continuous power to all commercial and industrial areas even in the most remote locations. This solar system ensures that you will never run out of power. Explore more: [Off Grid Solar System – A peace of mind with battery bank, advantage & disadvantage, FAQs and all details.](#)

What is a 5kw solar storage system?

The 5kw solar storage system was installed in 2018. We were initially attracted to the idea of using lithium batteries at night while solar power supply our house during the day. In addition, it can also provide seamless grid failure protection.

How long does a solar panel last?

A: The life of the solar panel is 25 years, the charger controller is 5-7 years, the inverter is 5-7 years, and the battery is 8-10 years. Our IOT monitors the installation and operation of your solar power system in real time to extend service life.

Does pvmars solar have an overload safety function?

A: PVMARS Solar's PV combiner box and inverter have overload safety functions. To protect each other, they will disconnect the connection with your equipment in the event of abnormal voltage, such as lightning strikes and leaks. After the voltage is restored automatically, the solar system will start automatically.
