

Oman mobile power station generator set

Overview

What kind of generators are available in Oman?

Genmac and Mosa Generators. Equipped with gasoline, diesel or gas engines with power range from 2 KW to 2000 kVA for any type of application. Generators for all your applications and uses available at Bin Salim Enterprises LLC, Oman.

Do you need a portable rental welding machine in Oman?

No matter where you are in Oman, we have a portable rental welding machine with excellent safety controls that can serve you in your welding operation. A welding machine that does not meet industry standards can be a dangerous piece of equipment. It could potentially ruin your whole project or even cause you or your worker's, incredible harm.

What is the range of a power generator?

Our generator range varies from 2 KW prime duty to 2500 KVA standby. Multiple power generators can be installed for higher power requirements. Every unit is comprehensively tested for optimal performance in the most demanding conditions for both prime and standby applications.

Can a portable light tower be powered by a diesel generator?

Our portable light tower can be powered through a variety of ways including diesel generators. The heavy-duty lights are designed to effectively illuminate working spaces for building sites, airports, road works, ports and even outdoor events.
