

Power storage systems factory in Atlanta

Overview

Will Freyr build a Giga America battery factory in Georgia?

FREYR Battery (NYSE: FREY) has scrapped plans to build a \$2.6 billion battery energy storage system factory in Coweta County, Georgia – here’s why. FREYR told officials in the Atlanta suburb of Newnan on Thursday that it wouldn’t build the “Giga America” battery factory in Georgia that was expected to employ more than 700 people.

Will a new battery factory in Atlanta bring 700 jobs?

A Norwegian battery company has been working since 2022 to open a supersize factory outside of Atlanta that will bring more than 700 jobs to the region. Freyr Battery is developing a manufacturing process for lithium-ion batteries that it says will be less expensive and have less waste than the processes many competitors use.
