Do Empty shipping containers clog roads and ports?

Empty shipping containers clog roads and ports. Staxxon's foldable containers -- which can be stacked in bundles -- are one solution to this.

How does global container shipping work?

Global container shipping has significantly grown during the past two decades (United Nations ). trade volume differences. Traditionally, shipping companies address this by transferring containers between ports using spare ship capacity. However, this does not generate revenue and incurs container management costs (CMCs).

How much does it cost to reposition an intermodal shipping container?

The intermodal shipping container is 70 years old. Over the years it has been refined but ownership costs have increased. For example, this year, the annual operating prices have ranged between \$25,000 to \$40,000 to reposition an empty container.

Why do containerships cost a lot of fuel?

Containerships consume much fuel that is sensitive to bunker costs resulting in longer transit times and lower customer satisfaction. Also, shipping carriers are concerned with higher fixed operational costs and a lower freight rate due to ship overcapacity. Therefore, reducing
