

Sales price of solar panels in Uzbekistan

Overview

What is a large-scale solar PV project in Uzbekistan?

Large-scale solar PV projects have been subject to competitive bidding processes in Uzbekistan since 2019 and an awarded project can sign a long-term contract with NEGU at a fixed tariff, as noted above. The government of Uzbekistan also aims to develop small- and medium-scale solar projects.

Can floating solar PV increase solar PV capacity in Uzbekistan?

For comparison, the area of the hydropower reservoirs are more than 15 times the size of the world's largest solar park in India, which has an installed capacity of 2.25 GW. In this regard, the potential of floating solar PV on the hydropower reservoirs is a realistic opportunity to further increase solar PV capacity in Uzbekistan.

Will Uzbekistan reach its maximum capacity of solar energy?

Nevertheless, a more comprehensive set of policies and support mechanisms will be required to reach Uzbekistan's maximum capacity of solar energy and further increase solar energy toward 2030. The government should consider bundling the range of actions needed to ensure the use of all types of solar energy resources.

What is Uzbekistan's solar energy vision?

It outlines the sustainable energy environment solar energy could deliver and offers a timeline up to 2030. In this vision, Uzbekistan succeeds in maximising the benefits of solar energy capacity for both electricity and heat, making solar energy one of the country's major energy sources.

Sales price of solar panels in Uzbekistan

[Uzbekistan significantly increased import of solar panels](#)

Aug 11, 2023 · The total cost of imported solar panels is estimated at \$427.1 thousand. Imports of solar panels from China amounted to 3.79 million units, accounting for 98.3% of total ...

[A solar energy roadmap for Uzbekistan by 2030](#)

Dec 1, 2025 · Uzbekistan has great renewable energy potential, especially for solar energy. With a view to ensuring energy security while optimising renewable energy resources, the ...

[Uzbekistan Solar Photovoltaic \(PV\) Power Market Outlook ...](#)

Sep 1, 2025 · First, large-scale solar photovoltaic power projects have been launched into exploitation, whilst the over 1370 MW solar project pipeline is progressing in different stages of ...
