

Saudi Arabia large capacity solar container battery prices

Overview

How much battery storage will Saudi Arabia be able to deploy?

According to recently reported remarks from energy minister Prince Abdulaziz bin Salman Al Saud from an event held in the Kingdom, the country is targeting the deployment of 48GWh of battery storage by the end of this decade.

Will Saudi Arabia host a gigawatt-hour battery storage facility?

In addition to public-private partnerships such as through SPPC, Saudi Arabia will host gigawatt-hour scale battery storage facilities to integrate renewable energy at major infrastructure projects such as the Red Sea Project coastal tourist destination. Image: Red Sea Global.

What is Saudi Arabia's Vision 2030 policy?

Bidders will retain 100% equity in their projects in special purpose vehicle (SPV) companies. The four projects to be tendered are at strategic locations and of equal size and capacity. Saudi Arabia targets sourcing around 50% of its power generation from renewable sources through its Vision 2030 policy strategy.
