

Slovenia s new solar panel trading venue

Overview

When will solar subsidy applications open in Slovenia?

Applications for the subsidy will open Mar. 18, 2025. Slovenia's solar market slowed in 2024, but the residential segment maintained the largest share as it adjusted to the phase-out of net metering and a new electricity tariff system.

How much will Slovenia spend on solar energy?

Slovenia has set aside €16 million (\$16.7 million) to support solar energy communities, requiring projects to include at least 100 kW of PV capacity, with or without storage. The program will run until 2027.

Did two Slovenian companies misrepresent a solar project to get EU funds?

The European Public Prosecutor's Office (EPPO) is investigating a €340,000 (\$349,350) fraudulent scheme allegedly involving two Slovenian companies accused of misrepresenting a solar project to obtain EU funds.

Which countries have a photovoltaic monitoring system?

They included 25 European countries in their work, including Germany, the United Kingdom, Spain, and Italy. Researchers in Slovenia have built a monitoring system for vehicle-integrated photovoltaics consisting of an IV curve scanner that uses a MOSFET as a voltage-controlled electronic load.
