How much does it cost to install solar panels in Ireland?

The SEAI Solar PV Grant recently fell from a €2,100 maximum to €1,800 for homes. According to Ecoplex Energy, the average Irish solar installation costs between €6,000 and €17,000. So it's a big investment. To help you spend your money wisely, our researchers have compiled a list of Ireland's best solar panel installers.

How do solar panels work in Ireland?

To generate usable energy, sunlight is converted into electricity via photovoltaic (PV) glass. Sunlight can also be used to create thermal energy to heat water using technology like reflectors and concentrators. There are two types of solar panel systems available in Ireland, both of which will reduce or cover the cost of your energy bills.

How much does a solar PV grant cost in Ireland?

Administered by the Sustainable Energy Authority of Ireland (SEAI), the solar PV grant scheme offers help with installation costs. Currently, residential schemes are capped at €1,800. However, the government recently announced an extension to the scheme to make businesses eligible for help.
