

# Solar container energy storage system warranty requirements

## Overview

---

Does the warranty model for energy storage systems keep pace?

Inflexible and complex, the warranty model for energy storage systems has failed to keep pace with rapid market growth, the authors argue. This is an extract of a feature article that originally appeared in Vol.41 of PV Tech Power, Solar Media's quarterly journal covering the solar and storage industries.

What is the warranty on a 100kW solar panel system?

Our 100kW solar panel system comes with a 25 year performance warranty, 10 year manufacturer's warranty, and 5 year warranty on workmanship (including installation). To find out if a 100kW solar panel system is right for your large operation, give us a call on 1300 274 737 or get a quote now.

What is a warranty on a solar panel?

A product warranty protects you from defects in a solar panel stemming from material quality or manufacturing errors. This is also referred to as an equipment or materials warranty. A performance warranty guarantees that a panel will maintain a certain percentage of its original power output over a period of time.

What is a battery energy storage system (BESS) warranty?

As challenging as warranties are for battery energy storage system (BESS) owners and operators, it is possible for there to be more clarity. Look no further than how the automotive industry handles electric vehicle warranties. They are simple and flexible, typically covering time (usually eight years) and mileage (usually 100,000 miles).
