How can Niger balance its energy mix?

This transformative project, funded by the World Bank through the International Development Association (IDA), will enable Niger to better balance its energy mix, which is currently largely dominated by thermal energy. This initiative is particularly crucial for a country that frequently faces climatic shocks.

Does Abdoul-Kader have a solar power plant?

If Abdoul-Kader's business is flourishing today, it's thanks to the new Ingall solar power plant. With a 750 kilowatts capacity, the plant now provides a 24-hour electricity service to the entire commune, when power only used to be available from 10 am to midnight. "Previously we all slept in the dark.
