

Sungrow Energy Storage Inverter is the world s first

Overview

Why should you choose Sungrow solar inverters?

From 2 kW to 8.8 MW, our solar inverters ensure optimal power conversion for residential, commercial, and utility-scale applications. Sungrow offers the advanced liquid-cooled energy storage system PowerTitan and PowerStack, ensuring more profitability for stakeholders in the energy storage market.

What is a Sungrow 1+x modular inverter?

Four years ago, Sungrow launched the world's first 1+X 1.0 Modular Inverter for PV and storage, which achieved breakthroughs in multiple dimensions. The current 1+X 2.0 Modular Inverter, based on the 1.0 version, has further upgraded the modular design.

Where are Sungrow solar inverters made?

Global Reach: While headquartered in Hefei, China, Sungrow operates in 150+ countries, with manufacturing in India, Thailand, and Brazil. **Chinese Powerhouse:** Sungrow is a China-based company and one of the world's largest solar inverter manufacturers.

How many power electronic converters does Sungrow have?

As of June 2025, Sungrow has installed 870 GW of power electronic converters worldwide. The Company is recognized as the world's most bankable PV inverter and energy storage company (BloombergNEF). Its innovations power clean energy projects across the globe, supported by a network of 520 service outlets guaranteeing excellent customer experience.
