

# Vienna solar Glass Factory

## Overview

---

What is Vienna Glass Company?

Vienna Glass Company is a family owned and operated business dedicated to providing quality workmanship and outstanding customer service.

What is AGC solar glass?

The AGC solar glass range covers two main applications: Building Integrated Photovoltaics (BIPV) (electricity generation) and Concentrating Solar Power (industrial electricity generation). BIPV glazing has a dual role: it is part of the outer structure of the building, while at the same time generating electricity using photovoltaic energy.

Which float glass is best for solar applications?

Arsenic- and antimony-free extra clear float glass for solar applications. SunMax Premium is exclusively produced in a float glass process. The industrial float glass process adheres to very strict production tolerances and guarantees the lowest possible defect density. Read more about some of our recent selected finished success stories.
