

Vietnam Electric Energy Storage Project

Overview

What is the largest electricity storage project in Vietnam?

The largest electricity storage project in Vietnam is the Bac Ai Pumped Storage Hydropower Project. Located in Ninh Thuan province, the project has a capacity of 1,200 MW and is expected to play a crucial role in stabilizing the grid when it completes in a few years.

Can battery energy storage be commercially viable in Vietnam?

The BESS project aims to demonstrate the commercial viability of battery energy storage in Vietnam and showcase the practical benefits of renewable energy, including its reliability and efficiency. It also seeks to help Vietnam meet its climate action targets.

Can battery energy storage systems stabilize Vietnam's grid?

Sunita Dubey and Hyunjung Lee share how Vietnam is leveraging Battery Energy Storage Systems to stabilize their grid and accelerate the energy transition.

Can energy storage help Vietnam meet climate goals?

Co-funded by a grant from U.S. Mission Vietnam, the pilot project will demonstrate how energy storage can help Vietnam integrate more renewable energy into its power system to meet ambitious climate goals.

Vietnam Electric Energy Storage Project

[Current Status Of BESS Applications In The Vietnamese ...](#)

May 9, 2025 · The BESS system at the PECC2 Innovation Hub was the largest BESS system in Vietnam at the time it began operation in 2021, reflecting PECC2's pioneering vision and role ...

[Battery Electricity Storage Systems, the energy sector's ...](#)

Jul 16, 2024 · Abstract: Vietnam's rapid expansion in renewable energy, particularly solar and wind, necessitates the adoption of Battery Electricity Storage Systems (BESS) to address the ...

[Pioneering Innovation with Vietnam's BESS Pilot Project](#)

Aug 2, 2024 · EVN's 50 MW Battery Energy Storage Systems (BESS) pilot project, in collaboration with ADB and GEAPP, aims for 300 MW by 2030. Vietnam is the fastest-growing ...

[ACEN and AMI Renewables develop Vietnam's first grid ...](#)

3 days ago · The joint venture is collaborating with Honeywell to integrate Vietnam's first grid-connected battery energy storage system (BESS) project in the 50 MWp Khanh Hoa Solar ...

[Vietnam considers battery energy storage systems](#)

Sep 22, 2024 · In cases where existing grid-tied solar energy systems are already in operation, adding battery energy storage systems may incur higher integration costs than new project ...

[Vietnam lists 24 energy projects worth USD7 billion for JETP...](#)

Jul 30, 2025 · The Government of Vietnam and the International Partners Group (IPG) have identified 24 energy projects as eligible for support under the Just Energy Transition ...

Commencement of a Battery Energy Storage System Demonstration Project

May 18, 2022 · Dec. 20, 2024 Marubeni Corporation Marubeni Corporation, through its wholly-owned subsidiary Marubeni Green Power Vietnam Co., Ltd, has commenced a battery energy ...

[28kWh Home Battery System Successfully Deployed in Vietnam](#)

1 day ago · In December 2025, GSL ENERGY completed the delivery and deployment of a 28.68 kWh home energy storage system in Vietnam. The project utilizes two parallel-connected ...

[Marubeni, VinGroup in 'first of a kind' Vietnam BESS project](#)

Jan 7, 2025 · The project's official inauguration event held in December. Image: VinGroup. A green energy subsidiary of Japanese conglomerate Marubeni has brought online a megawatt ...
