

# Wellington Solar Street Lights

## Overview

---

How many street lights are there in Wellington?

Street lighting in Wellington Existing street lighting Wellington City Council operates just under 18,000 street lights – these light major and minor roads, pathways, access-ways, subways, through-paths, area lighting, amenity lighting and an element of decorative lights (such as the lights in the Norfolk pines on Oriental Parade).

Are solar street lights a good idea?

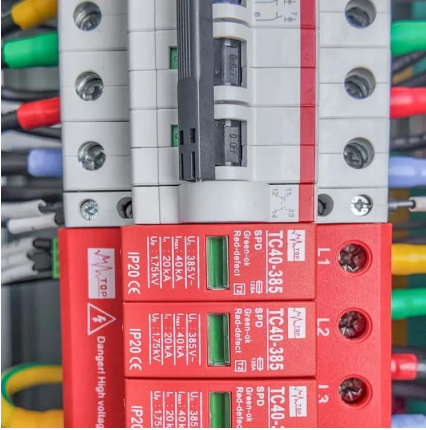

Solar powered street lights are a great way to avoid heavy installation costs which require digging 600mm trenches to meet NZ standards. Solar street lighting has become a lot more popular with government developments, council's and other commercial applications. Do your bit for the earth and buy solar street lights today!
