

Wellington solar container battery

Overview

Does CentrePort have a battery energy storage system?

CentrePort is taking another step on its energy journey with an onsite battery energy storage system (BESS) which will improve resilience and enhance the potential for future emission reductions.

When will CentrePort launch a pilot battery energy storage system?

9 April 2025: Media release, CentrePort announces partner - pilot battery energy storage system
11 February 2025: BusinessDesk, CentrePort's battery should smooth the electrification path
25 November 2024: Media release, CentrePort to pilot battery energy storage system.

Where is the Wellington Stage 1 battery located?

On Tuesday, the company announced it had reached financial close on the 300 MW, 600 MWh Wellington stage 1 battery, which is located next to the existing Wellington and Wellington North solar farms in western NSW.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.
