

Which brand should I choose for 12v inverter

Overview

Which power inverter brand is right for You?

Read on to find a power inverter brand that suits your lifestyle and power requirements. The BELTTT 2000W Pure Sine Wave Inverter is ideal for anyone who needs a reliable and efficient power source on the go, such as RV owners, truck drivers, outdoor enthusiasts, and solar power users.

What type of inverter do I Need?

There are two types of inverters: pure sine wave (PSW) and modified sine wave (MSW). Modified sine wave inverters are much cheaper and can work just fine, but we recommend going with a pure sine wave inverter for your van's AC power system. Here's why.

How do I choose a power inverter?

Shopping for a power inverter largely depends on your purposes. Once you narrow the use case, you can determine your wattage and safeguarding needs. The more wattage an inverter has, the more power it can generate. Depending on your use, you may need large loads of power, or your consumption may be minimal.

How do I choose a 12-volt inverter?

To choose a 12-volt inverter, add together the wattage of all the electronic devices and appliances being plugged in and select a suitable inverter. Remember, we offer Free Delivery on any 12-volt inverter when you spend over £50. We also stock 24v inverters; please [click here](#).
