

Which portable power bank is the best in London

Overview

We've tested power banks from Anker, Belkin, INIU and more, to help you find the perfect portable charger for topping up your devices on the go. What is the best power bank?

I've found the best power banks usually come from Anker, but newer brands like Cuktech and Iniu are also starting to make a name for themselves. Anker's A1383 20,000mAh power bank is my top pick for its hefty battery capacity, fast-charging and built-in cable, but the Iniu P41-E2 10,000mAh power bank is a nice budget portable charger.

Are all portable power banks worth the money?

But not all are worth your money. If you're tired of slow charging, bulky bricks, or models that barely last a year, you're in the right place. This guide cuts through the noise. You'll find 2025's best portable power banks that actually hold up—fast, reliable, and built for how you really use your devices.

What is a power bank?

A power bank is basically a portable battery to allow you to easily charge devices on the move. For me, I like to carry a small power bank on most of my walks as while I often use paper maps while walking, I use my phone to navigate to and from the start of a walk.
